+/- Decorative botanicals

A number of inert, decorative dried botanical ingredients may be included in the product design (Dried Bay Leaves, Clove Buds, Dried Orange Slices, Cinnamon Sticks, Peppercorns (any colour or mixture), Star Anise). Due to the size / nature of these additions there is negligible potential SED - as such they are not included specifically in the formulations or exposure calculations. Inclusion level is maximum 1.2% in the final formulation. If used, these ingredients must be included (with correct INCI name) on the product labelling.

+/- Gold Mica

Gold Mica (CI 77019 (mica), CI 77891, CI 77491, CI 77861) is also permitted as part of this formulation. The inclusion level is maximum 1.2% in the final formulation. If used, this ingredient must be included on the product labelling.
